I HIGHLY recommend NPI because I know I can be wholly confident they will deliver outstanding customer service, thorough inspections, fair pricing, superior communication, and timely reports. My trust in NPI is so significant, that I was out of the country on vacation when they performed my home inspection.

Mark B.

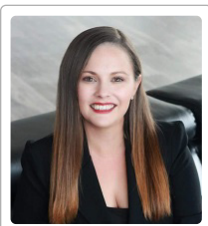

NPI is amazing. They have more than one inspector on every inspection. They include termite inspections at no extra cost and will come back to perform a re inspection after repairs have been completed. Their level of professionalism and the fact that they backup their inspection really help keep my clients at ease.
